Front-end

React
TypeScript
JavaScript
HTML5
CSS3
Tailwind CSS
Vite

Back-end

Node.js
PHP
Laravel
Python
C#

Databases & tools

MySQL
PostgreSQL
Git
GitHub

Douglas Moreira

Front-end Developer

SUMMARY

22-year-old developer, Computer Science student and software development intern. Solid foundation in web development focused on front-end (React, TypeScript and Tailwind), with back-end experience in Node.js and databases through personal projects. I aim to master the logic and inner workings of the tools I use, building complete solutions with a focus on performance and accessibility.

EXPERIENCE

Software Development Intern — Current

- Building and maintaining web interfaces with React, TypeScript and Tailwind CSS.
- Integrating APIs and working closely with the Node.js back-end.

Web Developer — Personal Projects — 2+ years

- Full online menu system: customer-facing site and admin dashboard with real-time orders.
- Monterra: original 2D top-down game with pixel art, map collision and scenery interaction.
- Web platforms such as Oratio Daily, LangBoss and Torakan Academy, with responsive interfaces.

EDUCATION

B.S. in Computer Science — In progress — 6th semester

Unima | Afya

FEATURED PROJECTS

- **Online Menu + Management Dashboard** — Real-time orders, dynamic cart and sales dashboard.
- **Electronic Time Clock System** — Work-hour records, hour bank and management reports.
- **Torakan Academy Portal** — Karate academy management with katas, glossary and belt exams.
- **Monterra** — Original 2D pixel-art game inspired by Stardew Valley.
