Portuguese (native)
English (intermediate reading)

Douglas Moreira

Front-end Developer

SUMMARY

23-year-old front-end developer, Computer Science student (8th semester) and development intern at the Alagoas State Department of Education (SEDUC), with 3+ years of web development experience. Works mainly with React, TypeScript and Tailwind CSS, and also builds back-ends with Node.js, NestJS and Laravel, delivering fast and accessible interfaces.

EXPERIENCE

Software Development Intern — **Jun 2025 – Present**
SEDUC – Alagoas State Department of Education | Maceió, AL

- Developing the electronic time clock app used across all of SEDUC to record and manage employee clock-ins and work hours.
- Working with the development team, building features end to end with Laravel (PHP) and MySQL, with Firebase integration and interfaces in Tailwind CSS.

Web Developer — Personal & University Projects — **2023 – Present**
Remote · React, TypeScript, Tailwind CSS, Node.js

- Building responsive web platforms and a 2D game, from interface to back-end and deploy. Projects listed below.

EDUCATION

B.S. in Computer Science — **8th semester — expected Jun 2027**
Universidade de Maceió (Unima) | Afya

PROJECTS

PERSONAL

- **Torakan Academy Portal** — Karate academy management for teachers and students, with katas, glossary and belt exams. Live
- **Oratio Daily** — Site for people who want to learn more about the Catholic faith, with its own daily prayer API. Live

INTERNAL (SEDUC)

- **Electronic Time Clock System** (Laravel · MySQL · Firebase) — Work-hour records, hour bank and management reports, used across SEDUC.

UNIVERSITY

- **Online Menu + Management Dashboard** — Real-time orders, dynamic cart and sales dashboard. Site · Dashboard
- **LangBoss** — Gamified language-learning platform. Live
- **Monterra** (Unity · C#) — Original 2D pixel-art game inspired by Stardew Valley. Download
